

4-COLOR PROCESS SUPER-TAC AND ULTRA-TAC DECALS

4-Color Process Super-Tac and Ultra-Tac Decals have an aggressive adhesive formulated to adhere permanently to slightly rough or blemished surfaces. 4-Color Process Ultra-Tac Decals offer a higher initial tack and stronger ultimate bond ideal for more challenging industrial applications. Typical markets needing these stronger adhesive decals include construction, manufacturing, outdoor sports and service industries. Testing is encouraged for all difficult applications. Overlamination will protect against abrasion, some solvents, oil, gasoline and some acids.

Choose Super-Tac for:

- Storage containers
- Dumpsters
- Steel drums

Choose Ultra-Tac for:

- Powder-coated surfaces
- Certain plastics

Features:

- Outdoor durable
- Custom shapes
- Strong ultimate bond
